

Need Childcare Before November?

Can't wait for our expansion to be complete for your childcare needs?

We understand that, since our additional classrooms won't be ready until November, you might need to enroll your child in another program in the meantime, resulting in two registration fees.

If this applies to you, our school will credit the registration fee you paid for the other program toward your tuition. Simply provide us with a receipt dated between June 1, 2024, and October 1, 2024.

We are excited to announce that our preschool is expanding to offer even better facilities and experiences for your children! Our hope is this offer allows you the peace of mind to enroll with us.
